

LAGOON 50

We are pleased to introduce 'Swan' a Lagoon 50 presently available to charter in Grenada & the Grenadine islands.

Lagoon design their catamarans with charter in mind, their years of experience are plain to see from the first moment you step on-board. Every aspect of the Lagoon 50 has been considered within the context of a charter holiday. Whether you're the type to lie under the sun with a book or would prefer to assist the skipper at the helm, sailing the islands is a wonderful experience on-board this luxurious sailing catamaran.

Added to our fleet in 2020, Swan features a six cabin layout that allows her to comfortably carry up to 10 guests at a time. Her innovative design makes great use of every inch of the space on-board and you'll be amazed at how well she can accommodate large groups.

Equipped with a generous host of equipment ranging from a Generator operated Air-conditioning system down to an external BBQ grill. Swan will carry you and your party around in utmost comfort. You'll have access to all the amenities you would normally expect to find in a hotel.

----------------	--

TOYS & EXTRAS

Swan carries a whole host of toys & extras for you to enjoy. Regardless of which anchorage you find yourself in you'll find that theres plenty to keep everyone occupied!

Tender

We've sourced an excellent Tender for Swan in the form of the 'Brig Falcon 330.' This sleek Rigid Inflatable provides a safe & stable means of carrying up to 4 passengers at a time. Equipped with a 30HP Outboard this RIB is capable of getting up to quite a pace and is sufficient for towing some watersports equipment.

2x SUP (Stand up paddle-board's.)

Stand up paddle-boards have become a charter staple in recent years. Paddle over to a nearby beach and have an explore or simply tie it to the boat and use it as a platform to sunbathe on.

Childrens Water-Ski's

While the 30HP Outboard might not be enough to tow adults on ski's its more than sufficient for most children so we've opted to put a set on-board!

Doughnut

We carry a donut on Swan that is perfect for towing behind our Brig Tender. Its great fun to get towed around the bay on this inflatable toy.

Snorkeling & Swim Equipment

Swimming is a crucial part of the yacht charter holiday! We've got you covered on grace with a whole host of snorkeling & swim equipment including noodles & other floats for those less confident.

Sea Wing - Sea Scooter (Optional Extra)

An exciting new addition to our range of optional extras. The Jobe Sea Wing Sea scooters are designed to pull you through the water with minimal effort. Paired with our snorkelling equipment you have a perfect means of exploring the under-water world!

LOCATION

At the very Southern end of the Caribbean chain you will find The Grenadine islands. Sitting between (and including,) Grenada and St Vincent. The islands are a part of the larger Windward island group.

The region is beautifully diverse. The larger islands are of volcanic origin and rise imposingly from the sea covered in a lush thick green forest. The smaller islands can be little more than dried out reefs covered in palm trees that feature amazing, unbroken white sand beaches. Its an area renowned for unspoilt natural beauty. Many of the film sets for the original "Pirates of the Caribbean" can be found in the area.

Away from Grenada & St Vincent the Grenadines are much less developed than many other areas in the Caribbean and you'll find real

authenticity here. A place where a beach shack remains a literal cobbling together of drift wood manned by a couple of friendly local fishermen! The lack of infrastructure won't be to everyones taste, but for those who want to feel like they're on a genuine adventure away from the hustle and bustle of modern day life - the Grenadines offer a true paradisaical reprieve.

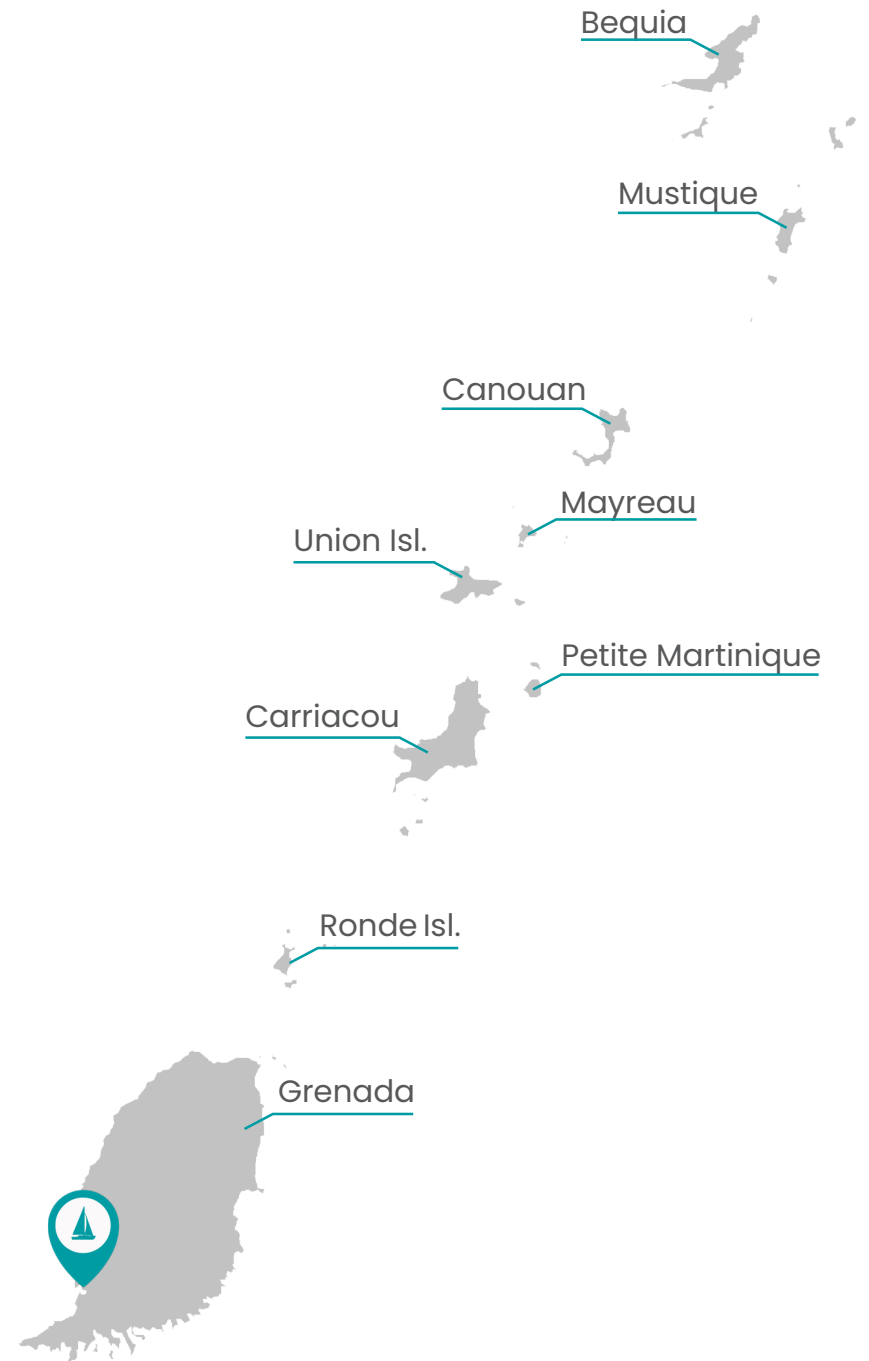

Swan is based in Port Louis Marina in St Georges, Grenada (see map.)

St Georges is an excellent jumping off point for charters in the area. Serviced by a nearby international airport and with every ammenity you could need.

HIGHLIGHTS

Tobago Cays - A collection of tiny islands protected by a giant horseshoe reef, the Cays are the kind of place that leave even world circumnavigator's with fond memories. Catch a mooring or anchor and then swim over to Baradel Island to snorkel with turtles in eight to 10 feet of water. The turtles know they're protected here so they graze on grass and occasionally come right up to check you out. Designated a marine park in 1998 the site is protected and patrolled by rangers who ensure that the wildlife is left in peace. If you're looking to stay the night consider talking with the local "boat boys" and they'll be sure to invite you over to the beach for some Barbecued fish and rum punch. They'll have a small shack setup on the beach ready to host anyone who stays in the Cays overnight.

Bequia - Bequia is the second largest of the Grenadine islands (excepting Grenada and St Vincent themselves) and is an island that packs a punch. Taking up a good portion of the West side of the island you'll find Admiralty Bay, home to the main settlement of Port Elizabeth. The bay has provided perfect shelter from the ever-present Trade-wind for as long as people have been sailing the Caribbean. The little town here is full of character, wander its streets and take in the sights and sounds of the local fish market. The people of the island are charming, friendly and so welcoming to their visitors. Outside of the town you'll find an unspoilt island with pristine beaches, a true Caribbean gem!
